

Avionics Bus Hardware & Software

- Avionics BUS Adapters
- 1553 / ARINC Products
- Avionics Test Software
- Ethernet Avionics Adapters

Telemetry Systems

- Multiplexers / Demultiplexers
- Bit Error Rate Testers (BERT)
- Telemetry Over IP Products
- Test Interface Conversion Modules

Video Solutions

- Video Codecs
- MPEG 4, H.264, High Def, and MJPEG
- Stroke to Scan Converters

Systems Integration

- Real Time Data Acquisition Systems and Software
- Turnkey Integration Services
- Test and Measurement Recording Systems
- Radar / SIGINT Software Solutions

Telemetry Products

- Telemetry Receivers
- Communications MUXes
- Best Source Selectors
- Modulators / Demodulators

TTM GPS Timing and Frequency

- Network Time Protocol (NTP) Servers
- Rubidium and Cesium Frequency Standards
- BUS Level Timing Cards
- Time and Frequency Distribution Products
- GPS Reference Clocks, IRIG, IPPS, 10Mhz

Space, Defense, and Avionics

- Frequency Reference Modules
- Ruggedized (and Non) Rubidium and Quartz Oscillators
- Space Qualified Cesium Reference Clocks

Data Acquisition and FPGA's

Acromag

- Data Acquisition Boards
- XMC/PMC Modules for Analog and Digital I/O
- Reconfigurable FPGA I/O Solutions

Mobile Computing

Getac

- Rugged Notebooks
- Tablet Computing
- Fully Rugged Handhelds

Rugged Mil-Spec Chassis

macrolink inc.

- Ruggedized Computing Enclosures
- ATR Chassis, Portable Rugged Workstations
- Fibre Channel Storage Systems

Single Board Computers

men micro, inc.

- VME/CPCI Express SBC's
- Embedded System Controllers
- 3U and 6U SBC's
- Data Acquisition I/O Modules

cPCI/PCI-Express Computing

ONE STOP SYSTEMS

- PCI Express
- Custom, Semi-Custom and COTS Computing Systems
- Compact PCI, and VME Enclosures
- Cabled PCI Express and Expansion Systems
- Storage Products

Software Radio & Data Acquisition

PENTEK
 DIGITAL SIGNAL PROCESSING
 DATA ACQUISITION

- XMC and VPX Based Digital Signal Processing (DSP)
- Software Defined Radio (SDR) Products
- High Speed Data Acquisition Systems and FPGAs

Radio Frequency Receivers

WINRADIO

- Advanced PC Based RF Receivers (Available in PCI express and USB)
- Multi-Channel Coherent Receiver Systems,
- Portable Direction Finding Systems

Rugged Cases and Enclosures

ZARGES

- Lightweight Aluminum Transit Cases
- Ruggedised 19" Rack Mount Enclosures
- Customizable Equipment Packaging
